NOD32 Antivirus has different modules to provide its users with the best protection. On the one hand, the IMON module protects you when you surf the Internet and analyzes all incoming traffic. On the other hand, EMON module offers a high degree of mail protection for MS Exchange and Microsoft Outlook, acting as a complementary filter. Finally, the DMON module offers you extra protection for Microsoft Office documents and any other downloaded files of Internet Explorer. ESET NOD32 Antivirus 7 Pro comes with all features of ESET NOD32 Antivirus 7, including protection from all web threats, protection of your identity and digital privacy, restoration of all files, folders, and other data, support for micro updates, backup systems, etc. But the best thing about ESET NOD32 Antivirus 7 Pro is its protection from zero-day and undetected malware that could be ready for your system at any moment. What are you waiting for? Download ESET NOD32 Antivirus 7 Pro now! The next step in the evolution of ESET NOD32 Antivirus's protection is the new ESET NOD32 Antivirus 7.0. This Beta phase is focused on quality control and testing of the NOD32 program and its important modules, and brings many improvements to the program. For instance, ESET NOD32 Antivirus 7 has been completely redesigned from the ground up. The new program interface has been built with care to make its user experience similar to that of other ESET NOD32 Antivirus programs. In addition, new scan result panels will provide a way to view data conveniently, and the program now even includes an ESET NOD32 Utilities such as ESET NOD32 Password Cracker, ESET NOD32 System Optimizer.
