I am using a for loop with a conditional statement and printing it. The result is: System.out.println(hMap.values().toString()); value1 value2 value3 I only want the second line to appear, but it doesn't. How can I achieve this? A: for (Map.Entry entry : hMap.entrySet()) { String value = entry.getValue(); if (value.equals("4")) { System.out.println(entry.getKey()); } } Tag Archives: U.S. Federal Aviation Administration A team of Boeing engineers and FAA officials today gathered in Washington to discuss solutions for mitigating the risks of 737 MAX airplanes. In a presentation this afternoon, the team presented the potential issues and ways to address them. At Boeing, we are working hard to determine the best path forward for the 737 MAX. As a team, we are committed to understanding the issues that have led to the grounding and accepting responsibility for the actions of the individual involved. Our team presented a plan, detailed here, that considers how to mitigate risks from future similar situations. This plan will be used to determine the safest return-to-service path. We
